

STRONG **27**™

At Men of Iron, we believe mentorship is most effective through a 1-to-1 or micro group setting. That's why we created **Strong27™** – *a mentorship experience* that provides the tools and training needed for mentors and proteges to grow in their faith, family, friends, fitness and finances.

MENOFIRON.ORG

Men of Iron was one of the best decisions that I could have ever made, not only for myself, but for my family.

I now see the importance of being the strong leader that my family needs and deserves.

It has helped to build my faith from almost nothing to being in God's Word daily, getting baptized and accepting Christ as my Savior this past June.
